

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (the “**MOU**”) is entered into by and between the CAMARA Fund, a project of the Linux Foundation (the “**Project**”), and the Automotive Edge Computing Consortium (“**Organization**”).

WHEREAS, the mission of the Project is to support the technical work of the CAMARA Project a Series of LF Projects, LLC.

WHEREAS, the mission of the Organization is to drive the evolution of and address challenges related to CSP networks, infrastructure and connectivity to serve edge network architectures and computing infrastructures to enable high-volume data services to deliver a smarter, more efficient connected vehicle services future.”

.

WHEREAS, the Project and the Organization desire to collaborate as described in this MOU.

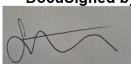

NOW, THEREFORE, the parties agree as follows.

1. The Project and the Organization will support collaboration across their respective communities as described in Exhibit A attached hereto. Each party will designate a point of contact for collaboration under this MOU, which can be updated by notice to the other party.
2. Each party, prior to issuing any press release, public announcement, or other publication regarding the collaboration contemplated by this MOU, must obtain the other party's consent to such press release, public announcement, or other publication. This MOU may be terminated by either party upon notice to the other.
3. Confidential information will not be shared under the terms of this MOU.
4. Exhibit A of this MOU is non-binding expressions of intent.

[REMAINDER OF THIS PAGE INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties have executed this Memorandum of Understanding as of the dates set forth below their signature hereto.

EXHIBIT A

COLLABORATION PLAN

I. Activities

As appropriate for AECC and Collaborator work areas:

- AECC member companies will contribute to Project Camara.

COLLABORATION PLAN – Marketing ONLY

I. Activities (sample only)

The two organizations will work together to mutually educate the market, especially on agreed target verticals, and help build the ecosystem for AECC.

Sample joint programs may include:

- Boot Camps or workshops for target verticals
- White papers
- Case studies
- Proof of Concepts
- Consumer research
- Webinars
- Hosted events, trade shows or joint speaking engagements

In addition, the AECC and Project may together identify pertinent events held by each organization to invite the other party, and the AECC may prepare a 1-1 educational session for Project on AECC technology.
